TIPS TO ENSURE THE BEST EXPERIENCE!

PAYMENT AND SEATING

We know that gathering payment from your group can take time. To help with this, you can make a reservation by phone with a deposit. Individual seats are assigned when your order is fully paid. For the best available seating we recommend paying in full as early as possible.

COMING BY BUS?

No problem! We are always happy to welcome and accommodate groups who travel by bus – and we have plenty of bus parking available! If your group is planning to travel by school bus or motor coach, please let us know so we can plan for your arrival.

WE'RE FULLY ACCESSIBLE!

We strive to provide a comfortable environment for all of our guests. Our theater is ADA compliant to assist guests with physical disabilities. Special seating areas are available to maximize the experience for those who need to remain in a wheelchair during the show. American Sign Language interpretation is offered at select performances for the hearing impaired. Please call us to inquire further about any of these special services.
